Fred Klussendorf Herdsman's Award

The Fred Klussendorf traveling trophies, provided by the Dairy and Beef Cattle Exhibitors at the 1954 Wisconsin State Fair, will be awarded to the herdsman of dairy cattle and to the herdsman of beef cattle, doing the best all around job. Equal weight will be given to (1) condition of his cattle, (2) cleanliness and neatness of cattle and stalls throughout the show, and (3) personal appearance, courtesy and sportsmanship throughout the show, (including the manner and style in which the cattle are presented in the judging arena).

Herdsman's Award

To the herdsman of dairy cattle and to the herdsman of beef cattle who keep the stalls, cattle and other properties in best appearance and make the best appearance in the show ring, and who make the best impression on public and management while on duty, the Exposition will award each a medal and \$5 in cash.

Premier Breeder

In each breed of cattle, a banner will be awarded to the breeder of not to exceed 10 animals winning the most money in the open single classes, not including the "best udder cow class", and including animals bred by him but exhibited by others. Animals bred by a bona fide firm, co-partnership or corporation shall be considered as bred by the firm-co-partnership or corporation.

No limit on number exhibited but award automatically figured on top 10 animals winning most money.

American Shorthorn Breeders Special

The American Shorthorn Breeders Association, C. D. Swaffer, Secty. Live-stock Exchange Building, Omaha 7, Nebraska, will add 10 percent to the money offered by the State Fair in the Shorthorn and Polled Shorthorn open breeding classes, subject to conditions enumerated hereafter.

The American Shorthorn special premiums will be awarded in open competition.

Every animal exhibited must have placed above it a descriptive card giving its name, registry number, color, age, sire and dam, and the name and address of the exhibitor.

Judges are instructed to pay special attention to breed character, symmetry of form, and fitness for breeding purposes rather than superiority of weight or condition.
